

VOCA Training Now Available Online!

Online Training Option Available for VOCA-funded programs

The Pennsylvania Legal Aid Network (PLAN) is excited to offer training for VOCA-funded programs through PCCD's Pennsylvania Victim Services Training (PVST) system. Each course counts as 1 credit toward the mandatory 10 training credit hours PCCD requires under your organization's VOCA Grant, and courses can be taken as the learner's schedule permits. You will receive a confirmation email for your records upon each successful course completion.
